

Gorillas

Find the traps

Gorillas will search the jungle for traps. They do this to keep themselves and the other members of their band safe. Can you find all 8 traps in this jungle?

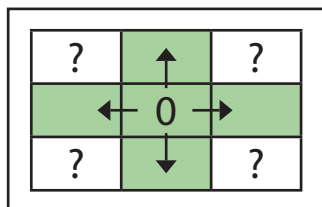

Example:

Each box has a number in it. The number tells how many traps are up, down, left, right, or on that square. In this example, the trap has to be in the middle. The "0" shows the "1" near it is safe.

 = Safe! No trap!

 = TRAP! Danger!
